NURSE AIDE TESTING COSTS

Cost to test:
Knowledge Exam: $75.50
Skill Exam: $94.00

(Oral Knowledge Test option $85.50)

You have the option of having the Knowledge Test computer-read to the nurse aide if the candidate has difficulty with reading the English language. There are two options for an Oral Knowledge test:

1) The Standard Oral Test is the Knowledge Test given by having the Knowledge Test read to the nurse aide by using the computer speakers or headphones. The Knowledge Test is written at a 5th Grade reading level.

REGISTERING NURSE AIDES FOR TESTING

PLEASE READ CAREFULLY: Candidates (employees) must have a record created at www.sdhca.org/cna at least 7 days prior to their test date in order to be considered for approval to test. Names should not be entered as close as the day before or day of testing. If you have not previously obtained your organization PIN number (4-digit number) to register, contact the South Dakota Health Care Association Office by email at LuAnnSeverson@sdhca.org.

When entering the names for approval to be released for testing, make sure that the email address is candidate's personal email and not the organization email. The organization will receive a separate email authorizing the candidate to test. Your organization will receive an email once the approval has been processed. After your organization receives the release approval for testing email, you can then schedule your candidate for a test date (test event).
NURSE AIDE SCHEDULING

Once the candidate has been registered online at www.sdhra.org/CNA Testing and electronically submitted to SDHCA, the candidate needs to be approved and released for testing. You will receive an email stating you can proceed with scheduling at test date. The Sponsor (organization paying for candidate to test) that was entered in the candidate’s record will receive an email from SDHCA stating you can go ahead and choose a Test Event (test date) and schedule the candidate for testing.

South Dakota Health Care Association will send detailed Pass/Fail Letters to the organization and candidate. There is a $15.00 charge for duplicate Pass/Fail Letters. Please check in your Spam Inbox/Junk Inbox if you do not see it in the regular Inbox. Please notify the South Dakota Health Care Association if contact information has changed for your organization.

If a candidate needs to retest, reschedule the student from their existing record. Re-approval from the SDHCA office is not necessary. See Rescheduling information on next page for more details.

If a candidate has failed testing twice, contact Diana Weiland at the SD Dept of Health (Diana.Weiland@state.sd.us) prior to rescheduling for a 3rd attempt.

NURSE AIDE TESTING PROCEDURE

Testing may be done in an approved testing organization by a Certified Test Observer Organizations who wish to do their own testing, must complete the necessary forms by visiting www.sdhra.org and clicking on the CNA tab, then download the Test Observer Application packet. Testing is also offered at various test sites across South Dakota. A listing of the approved test sites can be found at www.sdhra.org under the CNA Testing button.

Each candidate is allowed 1.5 hours to complete the Knowledge Test and 30 minutes to complete the Skill test. The Test Observer does not score the test. The tests are sent to HEADMASTER® to be scored.

It is very important that each candidate bring a photo ID. Without this, the candidate will not be allowed to test. If a candidate does not have a photo
identification, download the Substitute ID Form from the www.sdhca.org website under the Certified Nurse Aide Testing tab. If the candidate comes to testing with no ID or Substitute ID Form, the individual will be denied testing.

CNA Test Results are released mid-afternoon each business day.

[CANCELLATIONS/ RESCHEDULES/NO SHOWS]

There are no Reschedule, No Show or Cancellation fees charged by SDHCA. If your candidate needs to retake either the Knowledge Test, Oral Knowledge Test, or Skill Test, you may conveniently pull up their previous record online at www.sdhca.org under the CNA tab and reschedule them. Do not reenter their name online because a record has already been created for the candidate the first time you scheduled them. Simply pull up their previous record (http://www.sdhca.org/cna/ under Enter/Schedule Candidates for Testing) by taking out the check marks from “Not Released” and “Active” and click on Search. At this point, you can schedule them for a Test Event (Test Date). No confirmation email will come from South Dakota Health Care Association when rescheduling. The candidate has already been approved the first time they tested.

[WHEN DOES A CANDIDATE NEED RETRAINING?]

If a Certified Nurse Aide lets their certification lapse, questions for recertification should be directed to: Tessa Stob at the SD Board of Nursing (605-362-2760) or Diana Weiland at the SD Department of Health (605-995-8057)

44:74:02:25. Renewal of certification. Certification expires two years from the date of initial registration. To renew certification, the nurse aide shall submit to the department a verification of a minimum of 12 hours of training per year as required in § 44:74:02:02(4) and a minimum of 12 hours of monetary compensation as a nurse aide during the preceding 24 months. An individual who has not performed the training and the required nursing or nursing-related services for monetary compensation during the preceding 24 consecutive months shall complete a new competency evaluation program. The department may grant an exception to § 44:74:02:25 for a nurse aide called to active military service. The nurse aide shall provide evidence of active duty, such as a copy of duty orders. The exemption for renewal ceases six months after discharge from active military service.
EIGHT SECRETS TO SUCCESSFUL TESTING

1. **Organize** – Organize – Organize…. 3 or 4 days before the test event, then right before the candidates arrive at the test event and, of course, during the test event.

2. **Security** – Security – Security... Be aware of test materials at all times and all words that are said before, during, and after a test event. Reinforce security importance with actors before every test event.

3. **Identify** – Identify – Identify... Be convinced beyond reasonable doubt that the candidate who applied to test is the candidate you test.

4. **BE CALM** – Calm – calm... Project a calm image and that calm will help relax the atmosphere at your test event and will transfer to the candidates and to your test team.

5. **Consistent** – Consistent – Consistent... All candidates must have the same experience no matter where they test. Consistent demonstrations before each test starts. Consistent actions and interactions with the candidates by you and your test team. Consistent closure at the end of each task and at the end of each test. Consistent equipment setup before your test event begins. Consistent check in procedure. Consistent identification processing. Consistent reading of the Knowledge and skill test instructions. Consistent – Consistent – ever and always Consistent in your verbiage and actions.

6. **Remain** unbiased and test neutral... Be aware of any bias you might be interjecting into the administration of the Tests. All body language, instructions, and communications by you and your test team must, at all times, be test neutral. Engage your attention fully on the candidate during the time they are actively demonstrating each task or taking the Knowledge test. Never sit during a skill test in progress sending a “disengaged message” to the candidate. Knowledge Test Observer remains actively attentive during the entire Knowledge test administration time.

7. **Only** observe and record... Remain out of the candidate’s workspace to the degree possible. For every B mark capture the “image” of what you saw that triggered the B mark in your mind and communicate that image in your B mark Knowledge explanation so the test scoring team, and Board of Nursing staff can make good decisions when scoring or reviewing tests.

8. **Non-committal** closure... When candidates finish their test(s) and leave the testing area, they should have no reason to believe that they passed or failed because of any action or statement made by you or a member of your test team.
TESTING IRREGULARITIES

If the candidate feels there was a situation at the test site, the day of testing, that may have jeopardized his/her test results outcome, the candidate must notify the South Dakota Health Care Association office by email within 24 hours after testing. Email: sdhca@sdhca.org

CANDIDATES WITH TEMPORARY DISABILITIES

The following section is written as a reminder to reconfirm the understanding about testing candidates with temporary disabilities.

Please note that the CNA Test Observer has the authority to deny a person testing if the individual expresses or has a noticeable temporary disability and does not provide a doctor’s approval to test. The test cannot be altered for temporary limitations. The Skill Test includes some strenuous physical skills. Therefore, if one of your candidates cannot perform even one of the skills due to a temporary disability, they should not be sent to test. Temporary disabilities such as, knee injury, back injury, pregnancy, or recent surgery, etc., which would preclude the candidate from safely performing even one of the physical skills are reasons for denying testing unless the candidate has a specific doctor's release. The South Dakota Health Care Association does not cover bodily or physical injury. Therefore, if a candidate is injured during testing it will go back on your organization, not the CNA Test Observer or South Dakota Health Care Association.

If a candidate is experiencing a temporary disability and he/she does not test within the four months, please document the situation and file it in his/her personnel file as to why he/she did not test during this time frame. You may call the SD Department of Health (phone number 605-995-8057) and ask how to handle the situation. Please remember, if the CNA Test Observer denies testing of one of your candidates, he/she is doing what is in the best interest of the individual and your organization.
CANDIDATES WITH PERMANENT DISABILITIES

If you have a candidate wishing to take the Certified Nurse Aide test with a permanent disability or ADA concern, complete the Accommodations Form located found at www.sdhca.org, then click on CNA, then Accommodations Form.

REQUEST FOR SPECIAL TEST ACCOMMODATIONS

If the candidate is in need of special test accommodations from the www.sdhca.org website and submit it to SDHCA for review no later than 5 business days before the chosen test event. This form can be located at www.sdhca.org, then click on CNA, then Accommodations Form.

LATEX/POWDER ALLERGIES

If the candidate is allergic to latex/powder gloves, please have the student bring latex/powder free gloves to the test site the day of testing.

INFORMATION BOOKLET FOR CANDIDATES

The Candidate Handbook (contains testing content/information for the candidate) has been updated for your convenience to print your copy at www.sdhca.org and clicking on the CNA tab. Even if your organization does not practice all of the tasks or steps in the listed skills, you as the trainer are to train the students according to the list of skills given per the SD Department of Health. On the other side of it, the CNA Test Observer is to test using all the steps. If some tasks steps are not performed, for whatever reason, they are to be marked and a note included as to why it was not performed.

HOW TO BECOME CERTIFIED TO
ADMINISTER THE TEST

Visit www.sdhca.org under the CNA tab, then locate the Test Observer Application Forms. Download, complete and submit the 5 forms to the SDHCA office.
IMPORTANT REMINDERS FOR CERTIFIED TEST OBSERVERS

Request approval to test Nurse Aide candidates no less than 1 week prior to the test date. Go to www.sdhca.org, click on the CNA tab, then click on Entering/Schedule CNA Candidates. In the Completed Training prompt, make sure to enter the date the student has finished class.

Do not open Test Packets containing testing Skills Tasks no more than 1 business day before testing.

If you are testing candidates (employees) that work at another organization, it works best to have the Sponsoring organization (whoever is paying for the candidate to test) register the candidate. As the Test Observer, you only need to create the Test Packet and leave it open for them to choose the test event date that you have agreed on. Under some circumstances, if you, as the Test Observer, are the one to enter the candidate for testing, make sure that you obtain the Training Code number from the organization wishing to test and obtain the Sponsor Code number from the organization wishing to test. This correct information is essential in making our data/statistical tracking beneficial. If your organization did not train the candidate, you should not enter your organization code number. If your organization is not paying for the candidate, you should not enter your organization code number.

To calculate your organization Pass/Fail %, visit www.sdhca.org/cna. Choose Training Program Reports for Certified Nurse Aide, then click Candidate Details, complete the steps. If you have not obtained your 6 digit organization code, send a request to LuAnnSeverson@sdhca.org.

Share the CNA Candidate Handbook with each student prior to testing to assist in guidance of what the test day will include.

After 7 days, shred skill exams after candidate(s) have tested. Safeguarding the confidentiality of all information about the nursing assistant competency examination is of high importance and as a security measure all paper skill exams need to be kept secure until the electronic submission has been completed. 7 days after electronic submission has been completed, please SHRED any paper skill exams.

I & O pads are used with the following skill tasks: FEEDING THE RESIDENT, BLOOD PRESSURE, FLUID INTAKE, TOILETING USING A BEDPAN, URINARY EMPTYING DRAINAGE BAG, and WEIGHING OF AN AMBULATORY RESIDENT. I & O Pads are available at www.sdhca.org.
It is a privilege in South Dakota that a trainer can also test his or her own students. South Dakota has been granted this option by the SD Department of Health and SD Board of Nursing and we do not want to jeopardize losing this privilege. Remember to protect the integrity of the CNA Exam.

Remember to get out of “teaching mode” while testing. You are now in a “Test Observer” mode. You are evaluating the nurse aide.

Remember to take note of “b” marks and write them down as you are testing. It is your duty to observe and record accurately what you see during testing.

Test Observers should not be talking to Resident Actor during testing.

Take time to read the enclosed CNA Testing Procedure Manual for Trainers & Test Observers.

Review Equipment List.

To certify another Test Observer to conduct CNA Testing at your organization, visit www.sdhca.org/cna, then locate the Test Observer Application Forms. Download the 5 forms, complete, and submit to the SDHCA office.
